THE GOVERNMENT CENTRAL SCHOOL FOR GIRLS. The following Report of the Government

Central School for Girls for 1892 was laid before the Legislative Council by command of His Excellency the Governor on the 25th Education Department, Hongkong, 20th January, 1893. SIR .- I have the honour to submit the

Annual Report of the Government Central School for Girls for the year 1892. 2. I entirely conour with the observations of the Headmistress, Mrs Batoman, to whose patient industry and wise discretion the auccess so far obtained is largely due. The Annual Examination has shown satisfactory results as stated in the enclosed report. Good progress has been made in both the English and Chinese classes, and the moral tone of the whole School has been considerably raised.

3. The School is in urgent need enlarged accommodation and a corresponding increase in the staff, but, I am afraid. both these wants will have to remain unsatisfied until the close of the present year when the building now in course of construction at the expense of the Honourable E. Belilios, will become available.—I have the honour to be. Sir. Your most obedient

The School is periodically visited and annually examined by the Inspector of Schools, and the results of the examination have been pronounced satisfactory, particularly in English Grammar. Composition, Arithmetic and History. The but it is difficult to find suitable teachers English and Chinese work, have been well attended and special tuition has been scoured for Chinese embroidery for which there is l great demand

It is evident that the school has made some progress in its several divisions, and particularly in the infant department. Judging from the fact that all classes Accounts Payable 617,804.89 among the scholars and that the attendance is on a level with the capabilities of our accommodation and staff, I am satisfied that the School is popularly appreciated as an-\$4,509,229.60 swering a public want. Nevertheless I feel that the development of the School has been somewhat interfered with by various difficulties it encountered during theyear. There 4,134.61 have been several changes in the teaching staff. In April Mrs Leong, Assistant Mis-pupil teacher of the same, resigned their 968 83 respectively. In December, greatly to my 24,489.03 regret, Mrs Davis also resigned in order to 320.90 | accept an appointment in Singspore which had been offered to her and which, she felt, \$4,509,229.60 gave ber a wider sphere of usefulness. Mrs Tutcher, a Certificated Infant Mistress, has been appointed to fill the vacancy caused by the resignation of Mrs Davis. Similar changes occurred also in the Chinese department of the School. The progress and expansion of the Institution has naturally been impeded by these fluctuations in the Staff and in the attendance of the School .-14.897.14 I have the honour to be, Sir, Your most
